LISTED

FULLY AUTOMATIC AND HASSLE FREE

- **Automatic Measurement of Amps, Volts & Resistance**

- **Automatic AC or DC Sensing**

- **Automatic Decimal Placement**

- **Automatic Backlighting**

- **Automatic Powerdown**

- **No Fuses to Blow**

COUNT ON IT

With all that sophistication, you might expect the Pro90 to be complicated and full of switches. That's not the case. The **Pro90** is fully automatic and hassle free. The only button is used to turn the Pro90 on and hold readings. That's it. Amps, volts, and ohms are all automatically read and the ranges automatically set by the Pro90. The Pro90 is so automatic it even lights up automatically when darkness sets in. And because the Pro90 is automatically ranged, there are no fuses to blow. Truly a novice or professionals dream!

PRODUCT FEATURES

• Compact design for measuring in tight spaces

• 400A AC, 600V AC/DC, 2000 Ohms measurement

• Data hold to capture important readings

• Accessories included:, test leads, carrying case

SPECIFICATIONS

Power Requirements:	9V Alkaline (included)
Amperage Measurement:	0.6 –400.0A AC
Voltage Measurement:	AC V: 1.3 –600.0V; DC: 1.8–600.0
Resistance:	2000Ω with continuity beeper
Measurement Category	Cat III, 600V per UL 3111-1
